Top To Toe Glow (60 minutes) \$120
This is a great treatment for face and body and is brand new at Sadukee Spa. We have taken the D-age body treatment and added an alpha-therapy treatment for the face while you are wrapped warmly in a thermal blanket. This makes for full body rejuvenation and it only takes an hour.

[comfort zone] D-age firming body treatment (60 minutes) \$65
Prepare your skin for winter and get rid of that dead, dull skin. A gentle exfoliation is followed by an application of d-age concentrate then a thermal sheet is wrapped around you to keep in the heat. All gently removed with warm towels followed by d-age body cream. The skin is left silky and smoothed.

Swedish massage (60 minutes) \$70
Long relaxing strokes and is great to reduce tight, strained muscles.

Deep tissue massage (60 minutes) \$80
